

To all our Customers and Suppliers,

Seastrom Manufacturing is constantly monitoring the Covid-19 recommendations. We are committed to the safety of our employees and everyone in our community. We continue to take the necessary steps to try and keep everyone healthy and virus free.

Seastrom Manufacturing employees qualify as Essential Critical Infrastructure Workers under the categories of Critical Manufacturing and Defense Industrial Base. This means that we will be open and working during this difficult time. We apologize for any delays that may happen due to us servicing the critical needs of our medical and defense customers first.

We wish you all the best during this trying time.

Seastrom Manufacturing
